Missionaries to...

**UKRAINE**

and

**RUSSIA**

Mid-January thru Mid-February

In the middle of January we were in southern Alabama, at a missions conference. From Alabama we drove to Arizona and stayed there about three weeks. We stayed with my in-laws, who work with a church close by. This stay was really good for my wife. She really enjoyed having some time to visit with her sister. We had a few meetings there, and in California, and may know the outcome of their possible sponsorship some time next month.

While we were in Arizona, my brother-in-law and I went knocking on some doors, inviting folks to come to church. (My brother-in-law, Joe, is the assistant pastor at his church.) We talked to a young man, named Mac, and invited him to church. He came to church on Wednesday and after prayer meeting he asked Joe a question about God's forgiveness. Joe talked with him for a while and Mac made a profession in the Lord Jesus Christ! On another note, that same night when we were going home I pulled into the driveway and noticed something on the ground, close to the garage door. I got out and picked it up...it was my wallet! In a haste to get Silas in the van, and with my hands full, I put my wallet and phone on the hood of the van. Next, I scouted down the road looking for my phone. Amazingly, I found my phone, too! It has some new scratches but works just fine. So...that night the Lord found Mac, and I found my wallet and phone!

We drove to California and attended a pastor's conference Monday and Tuesday evening. Wednesday and Thursday we had good meetings in churches in San Diego and Corona. The Pastors and saints were both real big blessings. Thursday evening we drove about 25 hours to Texas. Our Sunday meeting in Longview went well and next we'll head to South Texas. Please keep us in your prayers. We have airline tickets purchased for Ukraine, to go on December 7th (for the four of us it was only \$1500.00, one-way!)...praise the Lord! Lord Bless! - The Wiles family
