December to Mid-January

First of all, I thank God for all his tender kindness along the deputation trail and for supplying all our needs and for the help of the saints. We've been in around 50-60 churches and ministered the word to thousands in church and out of church (stadium work, downtown, etc). Now we're starting another year on the road and continuing the good fight of faith.

Last Sunday evening, Jan 11th (the day before my birthday), we had a 9-year-old girl come forward after service and get saved! The same church wants to take us on for monthly support as well! So, that will put us at 49%. We have had some individuals talk about supporting our labors, so that is encouraging also.

Being so close to 50%, we will now start preparing to get our passports, and possible visas, in order. If things go well in the next few months we'll go ahead and look at purchasing tickets. But as you know, "It all depends on God's blessing!!". We have a lot of work ahead of us now, and it's my opinion that we will be busier and have to work harder to finish the deputation course within this year.

We were in Kentucky headed for a meeting, When I was having a hard time getting to the road I was supposed to be on, I stopped at the intersection and across to our left was some old classmates of ours. The Combs family pulled over and helped us get to their church. They were a Godsend and a real blessing. It made me thankful for the LORD'S G.P.S.(God's Protection System). It turned out they had know idea at all we were coming to their church.

I don't want to under estimate the need or power of prayer. So, whether you support financially or not, please continue to pray for us.

Thanks A Lot-The Wiles Family Jn 7:38
