RUSSIA

Mid-March thru Mid-April

Greetings!

We finished up our meetings in Louisiana. We had a good time of fellowship with the churches, passing out door-hangers and going out on visitation. From Louisiana we headed to Alabama, where we preached at the town square and in the local jail, had visitation, and presented our ministry with a Russian semi-banquet meal afterwards. From Alabama, We headed to Texas and presented to the church, and the church voted to take us on! On our way from Texas to Colorado we got stuck in a small town due to blizzard conditions. Along the way we saw farm animals on the road with icicles hanging off of them, and the next day we saw a huge longhorn bull frozen in the drift of snow! The thought that kept coming through was that in many of these instances the people and local farmers just weren't ready for the storm. They didn't think it was going to happen to them, but...it did.

We were in Colorado for nearly three weeks, where we stayed with some friends. Three pastors said they would like to see their churches take us on in the near future. The last meeting in Colorado was on Easter, where we passed out nearly one-thousand tracts/church invitations. The church ended up having almost as many visitors as members on "Resurrection Sunday"!

We will be headed out to the west coast one more time. We'll head to California for a meeting and Arizona for a missions conference. Please pray for traveling mercies— we'll be driving thru the night.

On a lighter note, upon doing some research about Ukraine and Russia, I found a sarcastic Russian joke: "What is the difference between Russian fairy tales and English fairy tales? The English start out with 'Once upon a time...' and the Russians start out with 'It will soon be...'"

We are thankful for God's promises and your prayers. May God richly bless your faithfulness.

In Christ, The Wiles family
